PRIVATE NURSING

Exclusive Premium Care During Your Hospital Stay and at Home

www.accessnursing.com

@accessnursing   

24/7 Individualized Care, from Hospital to Your Home

Hospital stays and medical procedures can be challenging. ACCESS Nursing's Private Duty Nurses (RNs, LPNs and CNAs) offer patients and families the peace of mind that comes with having a dedicated caregiver 24/7 during your hospital stay. Your Private Duty Care Provider can transition with you back to your home if requested.

These highly-trained RNs, LPNs, and CNAs communicate with your doctor and other team members and coordinate care as you need it in real time. ACCESS Nursing provides compassionate and qualified Care Providers for when you are at your most vulnerable.

WHEN DO I NEED EXCLUSIVE CARE?

- You are at Risk for Falling
- Confusion/Dementia/Alzheimer's
- Anxiety/Depression
- Need "Real Time" Information
- Continuity of Nursing Care to Home
- Require Exclusive Attention

**IN-PATIENT PRIVATE
DUTY CARE IS NOT
REIMBURSABLE BY
ANY INSURANCE TYPE**

We Accept

Private Duty RNs, LPNs and CNAs Can Help You in the Hospital and Care for You the Same Way at Home

THE ACCESS ADVANTAGE

- Ability to Manage all Insurance Types for Home Services
- Nurses Experienced with Physician Protocols
- Same Nurses from Bedside to Home
- Exclusive Provider to Prestigious Hospitals
(See Back Page)
- Our Nurses Go Anywhere, Anytime 24/7
- Affordable and Flexible Care Packages
- Kind, Comforting, Caring Team
- Personalized Care Plan
 - Fall Prevention
 - Medication Management
 - Neuro-Cognitive Rehabilitation
 - Self-Management Goals
 - Substance Abuse Management
 - Managing Risk to Self
 - Managing Different Domains of Care

SAFETY TIPS FOR TRANSITIONING HOME

- Don't leave the hospital without your Discharge Plan
- Pill for Pill - Review new Medication Regime with Hospital RN and Caregivers.
- Trash OLD Medicines
- Side Effects: Know the symptoms of bad side effects of your Medication or Therapy
- Mind the Gap! Plan how to get HOME: In/Out of Car, Up/Down Steps, In/Out of Bathroom
- Refrigerator Door: Stick Emergency Numbers that include your Care Team
- Stick to MD Appoints and Therapies after Discharge
- Do NOT go home to an empty Refrigerator: Have a 7-day supply of Food and First-Aid
- Avoid Accidents! Take Fall Prevention Precautions
- Private Patient Portal – know your Clinical Profile and Plan "real-time"

30 YEARS OF NURSING SERVICES AT THE HIGHEST STANDARD OF EXCELLENCE
